

# WHAT TO EXPECT AT A DAYCARE

## Your routine will change

Take time to discuss the new routine with your family for a well-prepared and smoother first day.

## Their could be tears

Crying is normal and helps kids self-soothe, building bravery during challenging moments.

## They will talk...a lot

They build communication, teamwork, problem-solving, and compassion while learning to collaborate.

## An early start on learning

They learn through hands-on activities, structured play, and early literacy and math.

## Scrapes and bruises

They will grow through active play, motor skills, and movement. They might get a few bumps along the way.

## Being valued and nurtured

They'll get personal attention and support in a caring environment where teachers know their name & needs.
